

SPECIAL OIL FOR SPECIAL ENGINES

MOTOREX[®]
Oil of Switzerland

A special engine concept demands a special motor oil. Working together with the BMW tuner AC Schnitzer, MOTOREX has developed oils specifically for boxer engines. The results are balanced thermal management plus optimal friction properties. In this way, wear and the consumption of petrol and oil are minimised, and the oils ensure the highest level of high-speed endurance. We are committed to extending your engine's service life – making sure everything always runs like a charm. www.motorex.com
