### LIMITED WARRANTY

Kuryakyn warrants that any Kuryakyn products sold hereunder, shall be free of defects in materials and workmanship for a period of one (1) year from the date of purchase by the consumer excepting the following provisions:

- Kuryakyn shall have no obligation in the event the customer is unable to provide a receipt showing the date the customer purchased the product(s).
  - The product must be properly installed, maintained and operated under normal conditions.
  - Kuryakyn makes no warranty, expressed or implied, with respect to any gold plated products.
  - Kuryakyn shall not be liable for any consequential and incidental damages, including labor and paint, resulting from failure of a Kuryakyn product, failure to deliver, delay in delivery, delivery in nonconforming condition, or for any breach of contract or duty between Kuryakyn and a customer.
- Kuryakyn products are often intended for use in specific applications. Kuryakyn makes no warranty if a Kuryakyn product is used in applications other than intended.
- Kuryakyn electrical products are warranted for one (1) year from the date of purchase by the consumer. L.E.D.'S contained in components of Kuryakyn products will be warranted for defects in materials and workmanship for 3 years from the date of purchase where as all other components shall be warranted for one(1) year. This includes, but is not limited to; control modules, wiring, chrome & other components.

• Kuryakyn makes no warranty of any kind in regard to other manufacturer's products distributed by Kuryakyn. Kuryakyn will pass on all warranties made by the manufacturer and where possible, will expedite the claim on behalf of the customer, but ultimately, responsibility for disposition of the warranty claim lies with the manufacturer.

**STEP 3** Remove the top assembly and screw from the lever. Remove the peg mount from the lever, be careful to not lose the detent ball and spring (PIC 2).

**NOTE** Keep the shift lever assembly vertical while disassembling. This will keep the detent ball and spring in the shift lever.

**STEP 4** If you are using a shift peg installed on the bike, you will need to remove it now. Depending on what style shift peg you are installing, insert the included 5/16 nut (PIC 3) or the 5-16-24 x 3/4" Socket Head Cap Screw be sure to add blue threadlocker to the threads. Secure the shift peg to the mount.

**ATTENTION!** It is the installer's responsibility to ensure that all of the fasteners (including preassembled) are tightened before operation of the motorcycle. Küryakyn will not issue a warranty on components lost due to improper installation. Periodic maintenance may be required. **PIC 1**

**STEP 5** Reassemble the shift lever in the reverse order it was disassembled using a small amount of lightweight oil or spray lube on the ball and spring for smooth operation. Tighten the top screw from Step 2 securely. **PIC 1**

**ATTENTION!** Periodic lubrication of the detent ball and spring is required. Use lightweight oil or spray lube at the ball and spring location to ensure smooth operation.

**ATTENTION!** It is the installer's responsibility to ensure that all of the fasteners (including preassembled) are tightened before operation of the motorcycle. Küryakyn will not issue a warranty on components lost due to improper installation. Periodic maintenance may be required.

**STEP 6** Measure the height of the stock lever to assist you in re-positioning your new Fold Up Heel Shift Lever.

**STEP 7** Remove the pinch bolt on the stock heel position shift lever. Remove the lever from the splined shaft.

**STEP 8** Remove the pinch bolt from the new Fold Up Heel Shift Lever and slide it on to the splined shaft. Use your measurements from Step 6.

**STEP 9** Insert the pinch bolt and tighten securely. Test the position of the lever and make fine adjustments as desired.

**CAUTION!** Ensure that the installation of this product does not interfere with the proper operation of the motorcycle before riding .

**ATTENTION!** It is the installer's responsibility to ensure that all of the fasteners (including preassembled) are tightened before operation of the motorcycle. Küryakyn will not issue a warranty on components lost due to improper installation. Periodic maintenance may be required.
