### ULTRA TOUR BAG

You need major storage? Here is the answer. With its large center compartment and 2 large end compartments per side, pack away! Still need more room? Expand each end compartment 2" for that extra room. With its semi-rigid construction this bag holds its shape no matter how much you pack. Perfectly sized to provide back support for rider when mounted on passenger seat. Lean back and enjoy. Plenty of sturdy D-Rings allow you to bungee additional items to the bag or lock the side pocket zippers if needed (Small padlock not included). Use the convenient shoulder strap for carrying the bag after a long day of riding.

 Dimensions: 16.5" high, 16" wide, 15" deep, expands to 20" wide.

**SUGGESTIONS**

This bag installs easy on most any bike. PIC.1 shows this bag on a H-D Softail with a luggage rack. The two straps in the rear are simply attached to the rack. The front of the bag is fastened using the wide Velcro belt around the back rest and a strap down and around the back rest pad. See PIC.2

This bag can be installed on the passenger seat so that you can use it as a back rest. Attach the wide belt around the backrest and secure the two bottom straps to the passenger grab strap.

PIC.3 shows all the D rings that can be used to fasten additional items with bungee cords (not supplied) to the top of your bag.

PIC.4 shows the Classic Tour Bag (Küryakyn P/N 4144, sold separately) attached to the top. Be careful not to get too much weight too high to interfere with the handling of the bike. It could get top heavy very easy.

**CAUTION!** Prevent potential damage to your motorcycle! Never exceed the manufacturer's recommended loading limits for your motorcycle!

**WARNING!** PREVENT POTENTIAL SERIOUS INJURIES! BE SURE ALL FASTENERS ARE SECURE BEFORE RIDING AND THAT THE BAG OR STRAPS DO NOT INTERFERE WITH THE PROPER OPERATION OF YOUR MOTORCYCLE.

**ATTENTION!** Secure all straps away from visible painted surfaces, moving parts, pinch points or extreme heat.
