### STEP 2

Refer to **PIC 1**. Loosely install two of the included Set Screws into each of the Mounting Caps. Install one of the Mounting Caps on each headbolt. Push down on the Caps to hold them tight against the headbolts, then tighten the Set Screws securely.

### STEP 3

Refer to **PIC 2**. Determine the Front and Rear Bahn Spark Plug Head Bolt Covers. The Covers are marked front and rear on the underside.

### STEP 4

Refer to **PIC 3**. Place the Front Bahn Spark Plug Head Bolt Cover over the front Mounting Caps. Secure the Cover to the Caps with the included #10 Socket Head Cap Screws; leave the screws loose until both have been started in their threads.

### STEP 5

Holding the cover centered in the spark plug opening and sitting level to the head, tighten the Socket Head Cap Screws securely.

### STEP 6

Repeat **STEPS 4 and 5** for the rear cover.

#### NOTE:

Disconnecting the spark plug wires may ease installation.

It is not necessary to remove the Covers when replacing spark plugs.

**TIPS FOR PROPER CARE:**

Your new BAHN product is made out of anodized aluminum. Anodized aluminum requires special attention when cleaning. Some cleaning products or procedures can actually remove the anodized treatment which will lead to pitting in the aluminum.

Thoroughly clean the BAHN product often with a soft cloth, mild soap and water. Regular cleaning keeps contaminants from building up.

Rinse thoroughly with FRESH water.

Use only metal protection products that are formulated for anodized aluminum.

**DO NOT USE** bleach or chlorides to clean the BAHN product.

**DO NOT USE** products containing abrasives to clean the BAHN product. **Never** use steel or brass wool, wire brushes, polishing wheels, rubbing or polishing compounds on the Bahn product.

**DO NOT USE** concentrated alkaline based solutions to clean the BAHN product. Many detergents are alkaline based.

**NOTICE**

**It is the end user's responsibility to ensure that all of the fasteners (including pre-assembled) are tightened before operation of the motorcycle. Kuryakyn will not provide warranty coverage on products or components lost due to improper installation or lack of maintenance. Periodic inspection and maintenance are required on all fasteners.**

<p>LIMITED WARRANTY</p> <p>Kuryakyn warrants that any Kuryakyn products sold hereunder, shall be free of defects in materials &amp; workmanship for a period of one (1) year from the date of purchase by the consumer excepting the following provisions:</p> <ol style="list-style-type: none"> <li>1.
