THANK YOU FOR CHOOSING KÜRYAKYN!

IN ORDER TO PROTECT YOU AND OTHERS FROM POSSIBLE INJURY AND/OR PROPERTY DAMAGE OR LOSS, PLEASE PAY CLOSE ATTENTION TO ALL INSTRUCTIONS, WARNINGS, CAUTIONS AND ATTENTION NOTES REGARDING THE USE AND CARE OF THIS PRODUCT.

ATTENTION! This indication alerts you to the fact that ignoring the contents described herein may negatively affect product performance and functionality.

CAUTION! This indication alerts you to the fact that ignoring the contents described herein can result in potential injury or material damage.

TOOLS SUGGESTED

Side Cutter, Masking tape, Non-permanent Marker

STRICTLY OBSERVE THE FOLLOWING GUIDELINES IN ORDER TO USE THE PRODUCT PROPERLY AND AVOID POTENTIALLY DANGEROUS ACCIDENTS.

STEP 1 Read and understand all steps in the instructions before starting the installation. Park the motorcycle on a hard, level surface and turn off the ignition.

ATTENTION! We recommend that you do not ride the bike for 12 hours after installing the Shark Gills to allow for maximum adhesion.

STEP 2 Using the supplied alcohol pads, clean the area that the Shark Gills will be adhered to as well as the inside of the Shark Gills. Wipe surface dry using a clean cloth.

STEP 3 The Shark Gills are side specific. First, test fit each Shark Gill to determine which is the left and right cover. Make any reference marks with masking tape or a non-permanent marker.

LIMITED WARRANTY

Küryakyn warrants that any Küryakyn products sold hereunder, shall be free of defects in materials and workmanship for a period of one (1) year from the date of purchase by the consumer excepting the following provisions:

- Küryakyn shall have no obligation in the event the customer is unable to provide a receipt showing the date the customer purchased the product(s).
- The product must be properly installed, maintained and operated under normal conditions.
- Küryakyn makes no warranty, expressed or implied, with respect to any gold plated products.
- Küryakyn shall not be liable for any consequential and incidental damages, including labor and paint, resulting from failure of a Küryakyn product, failure to deliver, delay in delivery, delivery in nonconforming condition, or for any breach of contract or duty between Küryakyn and a customer.
- Küryakyn products are often intended for use in specific applications. Küryakyn makes no warranty if a Küryakyn product is used in applications other than intended.
- Küryakyn electrical products are warranted for one (1) year from the date of purchase by the consumer. L.E.D.'S contained in components of Küryakyn products will be warranted for defects in materials and workmanship for 3 years from the date of purchase where as all other components shall be warranted for one(1) year. This includes, but is not limited to; control modules, wiring, chrome & other components.
- Küryakyn makes no warranty of any kind in regard to other manufacturer's products distributed by Küryakyn. Küryakyn will pass on all warranties made by the manufacturer and where possible, will expedite the claim on behalf of the customer, but ultimately, responsibility for disposition of the warranty claim lies with the manufacturer.

STEP 4 The supplied tube of silicone will be used to adhere both covers. Use only half of the tube for each Shark Gill. Spread the silicone inside the right Shark Gill as outlined in red shown in PIC.1.

ATTENTION! Ensure the area of installation is free of grease, oil, dirt or other debris to ensure proper adhesion. Küryakyn **WILL NOT** issue a warranty on any parts lost due to improper installation.

ATTENTION! The adhesive will not bond correctly if applied at temperatures less than 50°F. Do not attempt this installation in temperatures less than 50°F.

STEP 5 Press the right Shark Gill in place.

CAUTION! You may choose to use masking tape or paper towel on the areas of the Shark Gills that the cable ties will contact to protect the finish.

STEP 6 Loosely secure the Shark Gill using three of the supplied cable ties. Make sure the cables ties enter behind the upper gills, and exit in front of the lower gills. You may need to bend the end of the cable ties to fish them through and behind the Shark Gill to secure it. See PIC.2. When all cable ties are in place, cinch them fully.

STEP 7 Repeat STEP 2 through STEP 6 for the left Shark Gill.

STEP 8 We recommend that you do not ride the bike for 12 hours after installing the Shark Gills to allow for maximum adhesion.

STEP 9 After 12 hours, press the release on the cable tie to remove them being careful not to damage the chrome surface.
