

LED REAR REFLECTOR CONVERSION

7356

THANK YOU FOR CHOOSING KÜRYAKYN!

PROTECT YOURSELF AND OTHERS FROM POSSIBLE INJURY AND PROPERTY DAMAGE OR LOSS. PAY CLOSE ATTENTION TO ALL INSTRUCTIONS, WARNINGS, CAUTIONS, AND NOTICES REGARDING THE INSTALLATION, USE, AND CARE OF THIS PRODUCT.

WARNING

THIS INDICATION ALERTS YOU TO THE FACT THAT IGNORING THE CONTENTS DESCRIBED HEREIN CAN RESULT IN POTENTIAL DEATH OR SERIOUS INJURY.

CAUTION

This indication alerts you to the fact that ignoring the contents described herein can result in minor or moderate potential injury.

NOTICE

This indication alerts you to the fact that ignoring the contents described herein may negatively affect product performance and functionality or damage the product itself or the product to which it is being attached.

MAKE SURE THE FOLLOWING PARTS HAVE BEEN INCLUDED IN THE KIT:

- 1 LED Rear Reflector Conversion Assembly
- 1 Hardware Kit containing:
 - 1 Dielectric Grease
 - 2 Cable Ties
 - 1 6-Pin Connector
 - 1 Y-Adapter
- 1 Installation Instructions

TOOLS SUGGESTED:

Set of metric hex wrenches, set of metric wrenches, and a Phillips head screw driver

NOTICE

These installation instructions contain important information. Ensure that the end user receives this copy and is aware of its importance for future reference.

STEP 1

Read and understand all steps in the instructions before starting the installation. Park the motorcycle on a hard, level surface and turn off the ignition. Allow the exhaust system to cool.

WARNING

VISIBILITY IS A **MAJOR** CONCERN FOR MOTORCYCLISTS. A LIGHTING MALFUNCTION CAN RESULT IN DEATH OR SERIOUS INJURY. ENSURE ALL LIGHTING FUNCTIONS CORRECTLY **BEFORE** OPERATING THE MOTORCYCLE.

LIMITED WARRANTY

Kuryakyn warrants that any Kuryakyn products sold hereunder, shall be free of defects in materials and workmanship for a period of one (1) year from the date of purchase by the consumer excepting the following provisions:

- Kuryakyn shall have no obligation in the event the customer is unable to provide a receipt showing the date the customer purchased the product(s).
- The product must be properly installed, maintained and operated under normal conditions.
- Kuryakyn makes no warranty, expressed or implied, with respect to any gold plated products.
- Kuryakyn shall not be liable for any consequential and incidental damages, including labor and paint, resulting from failure of a Kuryakyn product, failure to deliver, delay in delivery, delivery in nonconforming condition, or for any breach of contract or duty between Kuryakyn and a customer.
- Kuryakyn products are often intended for use in specific applications. Kuryakyn makes no warranty if a Kuryakyn product is used in applications other than intended.
- Kuryakyn electrical products are warranted for one (1) year from the date of purchase by the consumer. L.E.D.'S contained in components of Kuryakyn products will be warranted for defects in materials and workmanship for 3 years from the date of purchase where as all other components shall be warranted for one(1) year. This includes, but is not limited to; control modules, wiring, chrome & other components.

- Kuryakyn makes no warranty of any kind in regard to other manufacturer's products distributed by Kuryakyn. Kuryakyn will pass on all warranties made by the manufacturer and where possible, will expedite the claim on behalf of the customer, but ultimately, responsibility for disposition of the warranty claim lies with the manufacturer.

kuryakyn.com

- STEP 2** Refer to **PIC 1**. Remove the rear fender panel.
- STEP 3** Refer to **PIC 2**. Separate the license-plate light-connector.
- STEP 4** Remove the existing reflector; set it aside, it will not be reused.
- STEP 5** Refer to **PIC 3**. On the license plate-side of the panel, enlarge the locating hole to 1/4" in diameter.
- STEP 6** Remove the nut and washer from the included LED Rear Reflector Conversion Assembly.
- STEP 7** Route the Reflector wiring through the 1/4" hole.
- Secure the Reflector to the panel with the nut and washer.
- STEP 8** Refer to **PIC 4**. Locate the included 6-Pin Connector. Insert the **RED** wire into the 5 slot; **BLACK** wire into the 4 slot; **WHITE** wire in the 3 slot.

NOTICE

Dielectric grease inhibits moisture and prevents corrosion. Kuryakyn recommends the use of the included dielectric grease on ALL electrical connections. Apply dielectric grease directly to mating surfaces.

- STEP 9** Follow the instructions included with the Accessory Harness ('12-'14 GL1800 require P/N 3230; All F6B require P/N 3234; available separately from Kuryakyn).
- Apply Dielectric Grease to the included Y-Adapter and connect it to the Accessory Harness connectors.

- STEP 10** Connect the Reflector to the Y-Adapter.

NOTICE

Use the included Cable Ties to secure the wiring away from moving parts, pinch points, or extreme heat. Kuryakyn will not provide warranty coverage on any electrical component that fails due to pinched, crimped, broken, abraded, melted, or frayed wires.

- STEP 11** Reconnect the license-plate light-connector.
- STEP 12** Turn **IGN ON** and test for proper operation of ALL lights.
- STEP 13** Reinstall the rear fender panel.

NOTICE

It is the end user's responsibility to ensure that all of the fasteners (including pre-assembled) are tightened before operation of the motorcycle. Kuryakyn will not provide warranty coverage on products or components lost or damaged due to improper installation or lack of maintenance. Periodic inspection and maintenance are required on all fasteners.
