LIMITED WARRANTY

Kuryakyn warrants that any Kuryakyn products sold hereunder, shall be free of defects in materials and workmanship for a period of one (1) year from the date of purchase by the consumer excepting the following provisions:

- Kuryakyn shall have no obligation in the event the customer is unable to provide a receipt showing the date the customer purchased the product(s).
 - The product must be properly installed, maintained and operated under normal conditions.
 - Kuryakyn makes no warranty, expressed or implied, with respect to any gold plated products.
 - Kuryakyn shall not be liable for any consequential and incidental damages, including labor and paint, resulting from failure of a Kuryakyn product, failure to deliver, delay in delivery, delivery in nonconforming condition, or for any breach of contract or duty between Kuryakyn and a customer.
- Kuryakyn products are often intended for use in specific applications. Kuryakyn makes no warranty if a Kuryakyn product is used in applications other than intended.
- Kuryakyn electrical products are warranted for one (1) year from the date of purchase by the consumer. L.E.D.'S contained in components of Kuryakyn products will be warranted for defects in materials and workmanship for 3 years from the date of purchase where as all other components shall be warranted for one(1) year. This includes, but is not limited to; control modules, wiring, chrome & other components.
 - Kuryakyn makes no warranty of any kind in regard to other manufacturer's products distributed by Kuryakyn. Kuryakyn will pass on all warranties made by the manufacturer and where possible, will expedite the claim on behalf of the customer, but ultimately, responsibility for disposition of the warranty claim lies with the manufacturer.

STEP 2 Remove the two fasteners, shown in PIC.1. This needs to be done so you can slightly lift up this cover to install the shroud.

STEP 3 Clean the entire area (with the supplied alcohol pad) that is being covered with the new Shroud.

ATTENTION! Ensure the area of installation is free of grease, oil, dirt or other debris to ensure proper adhesion. Küryakyn WILL NOT issue a warranty on any parts lost due to improper installation.

STEP 4 On the rear side of the clutch are wires that may need to be rearranged to make the installation easier. See PIC.2.

CAUTION! Be aware of any cables/wires that could potentially be pinched or crushed while using this product.

STEP 5 Pre fit the Shroud without removing the protective tape from the adhesive pads. Put cover over clutch then rotate clockwise until it comes in contact with the Engine Case Cover. This is the proper place it should be installed. See in PIC.3 the placement of the Clutch Housing Shroud to the Engine Case Cover.

ATTENTION! The adhesive will not bond correctly if applied at temperatures less than 50°F. Do not attempt this installation in temperatures less than 50°F.

STEP 6 Remove the Shroud, rub the backing on the adhesive strips with your fingernail. Remove the protective tape on the adhesive pads. Install Shroud without making too much contact of pads to clutch housing. Once you have Shroud in place press down firmly for one full minute, to adhere tape to housing. Full bonding will occur in 24 hours.

STEP 7 Reinstall and tighten the fasteners that were removed in STEP 2.

ATTENTION! It is the installer's responsibility to ensure that all of the fasteners (including pre-assembled) are tightened before operation of the motorcycle. Küryakyn will not issue a warranty on components lost due to improper installation. Periodic maintenance may be required.
