THANK YOU FOR CHOOSING KÜRYAKYN!

IN ORDER TO PROTECT YOU AND OTHERS FROM POSSIBLE INJURY AND/OR PROPERTY DAMAGE OR LOSS, PLEASE PAY CLOSE ATTENTION TO ALL INSTRUCTIONS, WARNINGS, CAUTIONS AND ATTENTION NOTES REGARDING THE USE AND CARE OF THIS PRODUCT.

ATTENTION! This indication alerts you to the fact that ignoring the contents described herein may negatively affect product performance and functionality.

TOOLS SUGGESTED

Set of Hex Wrenches

STRICTLY OBSERVE THE FOLLOWING GUIDELINES IN ORDER TO USE THE PRODUCT PROPERLY AND AVOID POTENTIALLY DANGEROUS ACCIDENTS.

STEP 1 Read and understand all steps in the instructions before starting the installation. Park the motorcycle on a hard, level surface and turn off the ignition.

NOTE: These Hand Control Covers will attach over the top of your OEM hand controls. It may be necessary to loosen and re-adjust the position of the clutch and brake master cylinder/lever clamp assembly to accommodate the Hand Control Covers.

STEP 2 The Left Hand Control Cover uses two #8-32 X 1/2" Button Head Cap Screw fasteners. Remove the two fasteners to disassemble the two halves of the Left Hand Control Cover.

STEP 3 Set the Left Upper Cover in place over the OEM controls. Hold the Left Lower Cover in place and fasten the two halves of the cover using the two #8-32 X 1/2" Button Head Cap Screws you removed in STEP 2.

STEP 4 The Right Hand Control Cover uses three 8-32 X 1/2" Button Head Cap Screw fasteners. Remove the three fasteners to disassemble the two halves of the Right Hand Control Cover.

STEP 5 Set the Right Upper Cover in place over the OEM controls. Position the Right Lower Cover so that the "start" button comes through the square hole in the cover and hold it in place. Fasten the two halves of the cover using the three #8-32 X 1/2" Button Head Cap Screws you removed in STEP 4.

STEP 6 Make sure all fasteners that were loosened in this installation are tightened snugly.

ATTENTION! It is the installer's responsibility to ensure that all of the fasteners (including pre-assembled) are tightened before operation of the motorcycle. Kuryakyn will not issue a warranty on components lost due to improper installation. Periodic maintenance may be required.

LIMITED WARRANTY

Kuryakyn warrants that any Kuryakyn products sold hereunder, shall be free of defects in materials and workmanship for a period of one (1) year from the date of purchase by the consumer excepting the following provisions:

- Kuryakyn shall have no obligation in the event the customer is unable to provide a receipt showing the date the customer purchased the product(s).
 - The product must be properly installed, maintained and operated under normal conditions.
 - Kuryakyn makes no warranty, expressed or implied, with respect to any gold plated products.
 - Kuryakyn shall not be liable for any consequential and incidental damages, including labor and paint, resulting from failure of a Kuryakyn product, failure to deliver, delay in delivery, delivery in nonconforming condition, or for any breach of contract or duty between Kuryakyn and a customer.
- Kuryakyn products are often intended for use in specific applications. Kuryakyn makes no warranty if a Kuryakyn product is used in applications other than intended.
- Kuryakyn electrical products are warranted for one (1) year from the date of purchase by the consumer. L.E.D.'S contained in components of Kuryakyn products will be warranted for defects in materials and workmanship for 3 years from the date of purchase where as all other components shall be warranted for one(1) year. This includes, but is not limited to; control modules, wiring, chrome & other components.
- Kuryakyn makes no warranty of any kind in regard to other manufacturer's products distributed by Kuryakyn. Kuryakyn will pass on all warranties made by the manufacturer and where possible, will expedite the claim on behalf of the customer, but ultimately, responsibility for disposition of the warranty claim lies with the manufacturer.
